to Probate Records
Strafford Co. 1769-1800

Strafford County, New Hampshire, Probate Records

copied from the index in the office of the Probate Clerk of
Strafford County, at Dover, N.H. This County was formed in 1769.

This index covers the years 1769-1800. For records prior
to 1769 one must consult the original records and official Probate
books which have been deposited with the New Hampshire Historical
Society at Concord, N.H. for safekeeping. Abstracts of the
early records down to 1753 have been printed. An index of these
early records (1753-1770) has been made and is now on file with many
libraries. It is said that Probate records relating to people
residing in Strafford County occasionally found their way to Exeter
after 1769 and may be found in the Rockingham County Probate records,
the index to which should be consulted.
